

### Floating and sinking in tap water

	My prediction - what I think will happen	The result - what actually happened
potato	sink /f loat	sank / floated
carrot	sink /f loat	sank / floated
bean	sink /f loat	sank / floated

### A recipe for salty water

1. Pour 500ml of cold water into your container
2. Pour 500ml of hot water into your container
3. Add 250ml of salt to your warm water and stir until all the salt has disappeared

### Floating and sinking in salty water

	My prediction - what I think will happen	The result - what actually happened
potato	sink /f loat	sank / floated
carrot	sink /f loat	sank / floated
bean	sink /f loat	sank / floated

Is it easier to float in tap water or salty water? Would it be easier to float in a lake or an ocean?
